	Movable Over-bed Table	AC-BT002	Material: Aluminum & Plastic Table board: 900mm*460mm*35mm The over-bed table is designed for ease of use and total stability. It is cantilever type, supported by a vertical column. The column is slim enough to allow close proximity to the bed to have maximum usable table surface. The over bed table is light and easy to operate, enable to raise or lower the table top by one hand. The vertical height measured from the floor to the working surface of the top is adjustable. And there is a support bracket built underneath the table top, to support the table top and strengthen its stability. Packaging & Shipping Packing: 1 PCS/CTN 920*570*170mm,GW:15kg
	Movable Over-bed Table	AC-BT003	The over-bed table is designed for ease of use and total stability. It is cantilever type, supported by a vertical column. The column is slim enough to allow close proximity to the bed to have maximum usable table surface. The over bed table is light and easy to operate, enable to raise or lower the table top by one hand. The vertical height measured from the floor to the working surface of the top is adjustable between 645mm minimum to 900 mm maximum. And there is a support bracket built underneath the table top, its U shape, to support the table top and strengthen its stability. Its Table board: 900mm*400mm*27mm Packaging & Shipping Packing Unassembled 1 PCS/CTN N.W: 15 KGS/CTN Carton Size 920*570*170mm,
	Movable Over-bed Table	AC-BT004	Product features: 1. Material:steel powder coating and MDF plate 2. Size:61*41*72-110cm. 3. Desktop can be tiltable.
	Movable Over-bed Table	AC-BT005	Material:Steel and environmental protection wood Bear weight:25kg. Height adjustable range:700-1140mm Size:765*385*875mm Product Features: 1. Desktop environmental protect,water,fire,wear-resisting. 2. Noiseless,detachable,easy to take. 3. Only height can be adjustable.
	Movable Over-bed Table	AC-BT006	Specifications: 1. Surface is ABS ,WOOD ,steel material 2. Column adopt the aluminium alloy. 3. Bottom frame adopt the cold-rolled steel. 4. Four noiseless castors. 5. Gas spring. 6. Size: 800*320*780-1080mm 7. Net weight:18.6kg.Gross weight:21.7kg.
